Hi all. Please have your appropriate staff members review the attached training slides for the trash lot. Send me a list of employees that have completed the training by 2/28/23.

[@Lehmann, Matt](#) please pass this on to Reef.

Thanks,  
Mike

**Subject:** Lot 13 training materials

Hi all. As part of the Wisconsin Pollutant Discharge Elimination System (WPDES) permit issued to the Stadium District by the DNR for American Family Field (permit is attached), Lot 13 requires a Stormwater Pollution Prevention Plan (SWPPP). The SWPPP requires annual training for all users of this lot. Please share the attached PowerPoint with all appropriate members of your staff prior to the season in order to fulfill this training requirement. This will be an annual requirement.

Operationally, Lot 13 will be inspected monthly during the season to ensure compliance with DNR requirements.

Thanks,  
Mike
