Statement from Pat Goss, Executive Director

The Wisconsin Professional Baseball Park District Board of Directors approved today the proposed new lease, negotiated with the Milwaukee Brewers, through 2050. My sincere thanks to the Brewers, Board of Directors and all involved in the negotiations this year. I also want to thank Governor Evers and the Legislature for putting us in a position to negotiate this new lease based on the legislation passed and signed last December. This lease will usher in the next chapter of professional baseball in Wisconsin through 2050.
